SHAFT KITS  
AVAILABLE

The EzyLite Skylight is the ideal DIY product, constructed with a soft malleable aluminium soaker tray which can be easily formed to suit your roof profile. The dome is made from tough, impact resistant, molded acrylic which filters out 95% of UV Radiation.

- Available in 300mm or 400mm round sizes
- Durable, aluminium soaker tray can be molded to suit either tile or corrugated roofs
- Complete with a standard 2 metre length of flexible Mylar Shaft
- Topped with an impact resistant molded acrylic dome
- One piece roof assembly for simple installation
- Complete with ceiling ring, diffuser and all the fixings

## DIY ROOF WINDOW SOLUTIONS PLUS

ROOF WINDOWS ARE THE DESIGNER'S CHOICE FOR BRINGING A ROOM TO LIFE.

The EzyLite® Roof Window PLUS range is our premium window product. All PLUS Windows are fitted with flyscreens and solar blockout blinds as standard. PLUS models feature an exclusive high-torque chain operator which is rated to more than 25kg sash weight.

New Viridian **SmartGlass™** technology for significantly enhanced energy efficiency.

The PLUS range includes external colorbond colour options so you can expertly match your window to your roof for a visually appealing finish (standard finish - zincalume).
